

## Appeals against Internal Assessment of Work For External Qualifications

The Byrchall High School is committed to ensuring that whenever its staff assesses students' work for external qualification, this is done fairly, consistently and in accordance with the specification for the qualification concerned. Assessments are conducted by staff who have appropriate knowledge, understanding and skills, and who have been trained in this activity. The centre is committed to ensuring that assessment evidence provided by candidates is produced and authenticated according to the requirements of the relevant specifications for each subject. Where a set of work is divided between staff, internal moderation and standardisation will ensure consistency.

If a student feels that this may not have happened in relation to his/her work, s/he may make use of this appeals procedure. Note that appeals may only be made against the process that led to the assessment and not against the mark or grade submitted by the centre for moderation by the awarding body.

This procedure can be found on the school website and is posted on the exams notice board.

1. Candidates will be informed of their centre assessed marks before marks are submitted to the awarding body and can also request copies of the materials to assist them in considering whether to request a review of the centre's marking of the assessment. This is to provide the candidate with sufficient time in order to allow them to review copies of materials and reach a decision.
2. Appeals should be made as early as possible and at least two weeks before the submission of marks to the exam boards.
3. Appeals should be made in writing by the candidate's parent/carer to the exams officer (EO), who will investigate the appeal with at least two other members of staff who have not been involved in the internal assessment decision. If the EO was directly involved in the assessment in question, the headteacher will appoint another member of staff of similar or greater seniority to conduct the investigation. Likewise if the EO is not able to conduct the investigation for some other reason.
4. The purpose of the appeal will be to decide whether the process used for the internal assessment conformed to the published requirements of the awarding body and the examinations code of practice of the QCA.
5. The appellant will be informed in writing of the outcome of the appeal, including any relevant correspondence with the awarding body and any changes made to the procedure relating to internal assessment.
6. The outcome of the appeal will be made known to the headteacher and will be logged as a complaint. A written record will be kept and made available to the awarding body upon request. Should the appeal bring any significant irregularity to light, the awarding body will be informed.

After work has been assessed internally, it is moderated by the awarding body to ensure consistency between centres. Such moderation frequently changes the marks awarded for internally assessed work. That is outside the control of The Byrchall High School and is not covered by this procedure. If you have concerns about it, please ask the EO for a copy of the appeals procedure of the relevant awarding body.
